

Access a Google Group on the Web

Stephanie Obodda - 2016-01-26 - Comments (0) - Google groups

In order to [change settings](#) or [manage the membership](#) of a Google Group, you need to access the group on the web as follows:

1. Either visit <https://groups.google.com> or click the apps chooser (grid icon) on the top of any Google page.
2. Once on the Groups page, click the My Groups button.

3. If you do not see your groups, look for the bar that states "You also belong to groups in other organizations" and click the Show link to access your Brown groups.

A screenshot of a yellow rectangular bar with a thin black border. Inside the bar, the text "You also belong to groups in 2 other organizations." is displayed in a black, sans-serif font. To the right of this text is a blue, underlined link labeled "show".

You also belong to groups in 2 other organizations. [show](#)
