CAB, CourseTools, Canvas and Self Service Banner support the first two weeks of classes, “Shopping”

Catherine Zabriskie - 2019-02-04 - 0 Comments - in coursetools.brown.edu

CAB, CourseTools, Canvas and Self Service Banner are used by faculty, students and staff to support the first two weeks of classes, or “Shopping.”
- Faculty upload syllabi to be viewed by students and advisors using CourseTools.
- Students review syllabi and access Canvas course sites using CAB.
- Faculty give assignments or use other Canvas tools to determine which students should participate in their course using Canvas.
- Faculty communicate with prospective* and registered students using Self Service Banner.

* Starting one week before the first day of classes and ending two weeks after the first day of classes, “shopping period,” students that have shown an interest in a course by placing it in their primary shopping cart in Courses@Brown (cab.brown.edu) are considered “prospective students.”
