Camtasia Installation Instructions

Tuesday Mueller-Harder - 2023-10-25 - Comments (0) - Installation Instructions

Windows

1. KeyAccess must be installed.
2. Download Camtasia Studio using the link provided.
3. Double-click the downloaded installer.
4. Accept the license terms and click **Install**.
5. Click **Finish**.
6. Launch Camtasia.
7. Do not register your software. Close the dialog box (click "X").

macOS

1. KeyAccess must be installed.
2. Download the Camtasia package by clicking on the link provided.
3. Double-click the downloaded installer.
4. Follow the on-screen instructions, accepting all default prompts.
5. Navigate to the Applications folder and double-click Camtasia to launch it.

If you encounter a prompt that states the installer "cannot be opened because Apple cannot check it for malicious software," follow these steps to proceed with installing Camtasia:

- Open > System Settings > Security & Privacy > General
- Click **Allow** for Camtasia-Registration-2023.0.3.pkg
