

Connect to MyApps on iOS and Android

Nicholas Geleney - 2025-06-12 - Comments (0) - MyApps

You can connect to the MyApps service from a web browser on any platform via myapps.brown.edu but the experience in a mobile browser will be less than ideal. It is highly recommended to use Windows App for a better user experience.

iOS

1. Download [Windows App](#) from the App Store.
2. Launch the app, click on the "+" icon, then click **Add Work or School Account**.
3. Enter your Brown username in Microsoft format: [username@ad.brown.edu](#) (ex. [jcarberr@ad.brown.edu](#))
4. .You will be redirected to authenticate with your Brown username and password
5. Once you have successfully authenticated you will see any MyApps desktops you are entitled to.

Android

1. Download [Windows App](#) from the Google Play Store.
2. Launch the app, click on the "+" icon, then click **Add Work or School Account**.
3. Enter your Brown username in Microsoft format: [username@ad.brown.edu](#) (ex. [jcarberr@ad.brown.edu](#))
4. You will be redirected to authenticate with your Brown username and password.
5. Once you have successfully authenticated you will see any MyApps desktops you are entitled to.
