

Connecting to an Airmedia with a Windows Laptop

Kyle Nicholson - 2022-11-29 - Comments (0) - Wireless Projection

1. Connect to the Brown wireless or Brown Guest network.
2. Once you launch the AirMedia application, you will see a login window appear.

When prompted, enter the IP address which is displayed in the bottom-left corner of the projected screen and press CONNECT.

****Each classroom has a unique IP addresses****

After connecting you will be asked to provide a passcode. Located on the bottom right of the projected screen.

****This passcode will change every time a session is ended****

To disconnect from the airmedia, close the Airmedia application.
