If you're a student at Brown, there's a small cost associated with each page you print. It's taken out of your BearBucks account when you release a print job. You receive a $30 credit at the beginning of each academic year; you can add additional money in person at a ValuePort machine or online at brown.edu/getportal.

- 7¢ black and white single sided
- 10¢ black and white double sided
- 25¢ color
- 42¢ color double sided

New for MyPrint: documents containing both color and black and white pages will now be less expensive when printed at a color printer. You will only be charged the color rate for pages that are in color.

We do have a refund Policy for problem prints due to printer or print system issues.
