

Filmic Pro for iOS

TJ Kalaitzidis - 2019-09-24 - Comments (0) - Installation Instructions

Unfortunately, FilMic Pro is no longer being offered. Apologies for the inconvenience.

To install FilMic Pro on your iOS device, you will need to...1. Fill out and submit this request form. After submitting your answers, the form will automatically send you an email.2. The email contains a link to your app redemption code. Clicking this link leads you to the iTunes store (if you are on a computer) or to the App Store (if you are on your iphone). The redemption code is automatically applied and is a one-time use.3. Within the redemption code screen, press "redeem" to download FilMic Pro to your phone.
