Get Started with Google Drive

Stephanie Obodda - 2024-12-30 - Comments (0) - Google Drive

Accessing Google Drive

- On the web - the easiest way to access Google Drive is by visiting drive.google.com and logging in with your Brown email address and Google password.
- As a folder on your computer - It's also possible to set up Google Drive as a folder on your computer. See Google's Help article: [Google Drive for Your Mac/PC](#)

Learn How to Use Google Drive

Though you can find several Brown-specific articles here, Google's own documentation has a wealth of information about how to use Google Drive. Here are some resources we recommend:

- Google's support articles for Google Drive: <https://support.google.com/drive/?hl=en#topic=14940>
- Google Apps Google Drive learning center: <http://learn.googleapps.com/drive>
