BROWN

Get Started with RemoteApp

Stephanie Obodda - 2022-02-22 - Comments (0) - RemoteApp

Brown's RemoteApp service has been replaced by [MyApps](). This article is published so that staff have instructions in connecting to legacy RemoteApps that have not yet been transitioned to the new service.

Faculty and staff should review and connect to the [MyApps]() service to use access applications virtually without having to fully install them on their computer.

How to Use RemoteApp
