"We make analyzing data fast and easy, beautiful and useful." -Tableau Software

[Tableau Software](#) is a company that offers a number of related products that allow individuals and organizations to develop and share interactive data visualizations.

Examples of Tableau in action:

- [Brown University Institutional Research Factbooks](#)
- [Tableau's Dashboard Showcase](#)
- [Tableau Public Viz of the Day](#)

Use the table below to get free Tableau software, depending on your role.

Role	Request a license	Included software
Faculty/ Instructors	Through [Tableau for Teaching](#), instructors can request a FREE single license, bulk lab licenses, or bulk student licenses to the academic suite to use in curriculum or academic research. See [FAQs](#).	• Tableau Desktop • Tableau Prep • Tableau Online
Staff	Brown has a limited number of [Tableau Creator](#) licenses available for analysis with Brown data. For more information, visit the [Business Intelligence @Brown website](#). **NOTE**: When a license is not actively used (or is not expected to be used for a length of time) we ask users to return their license. Users may re-request a license when a need arises.	• Tableau Desktop • Tableau Prep
Students	Learn and use Tableau software with the [Tableau for Students](#) program.	• Tableau Desktop • Tableau Prep • eLearning Suite

Role	Request a license	Included software
Everyone	[Tableau Public](#) is free version of Tableau Desktop that allows users to develop and publish interactive data visualizations to the Tableau Public server and optionally embed on a website. Work is saved/published to the Tableau Public web servers and owned by Tableau—nothing is saved locally on your computer. Features include: • Support for data sets up to 10 million rows • 10 GB storage limit • Ability to limit downloading of files from Tableau Public • Ability to hide underlying data If you aren't working with sensitive data, this is a great option to learn Tableau for professional development or to visualize data for a hobby.	Tableau Public
