macOS 10.13 High Sierra - What Works?

New Apple computers are shipping with macOS 10.13 High Sierra. The IT Service Center will provide limited assistance with software and services running on macOS High Sierra, but at this time, not all Brown services work consistently with this operating system.

Compatibility Table

The table below describes software and services that were tested on macOS 10.13 High Sierra:

Please note that all functions of applications may not have been tested. Testing of operating system updates are ongoing and this page is continually updated. Please report any functionality issues to the IT Service Center.

Installing some software may require gatekeeper to be disabled. See Apple's instructions for disabling gatekeeper: <http://support.apple.com/kb/HT5290>
