How to Manually Install SCCM

Jeffrey Pierce - 2025-03-24 - Comments (0) - SCCM

To Install new SCCM Client:

1. Go to: \\files22.brown.edu\dfs\CIS_ClientEngineering\partners\packages\Microsoft\sccm\

2. Copy locally the latest version number folder available

3. Run in command window from newly copied folder:

ccmsetup.exe mp:psccmcit.ad.brown.edu SMSSITECODE=BCM
