

How to Manually Reset Your Cisco Phone

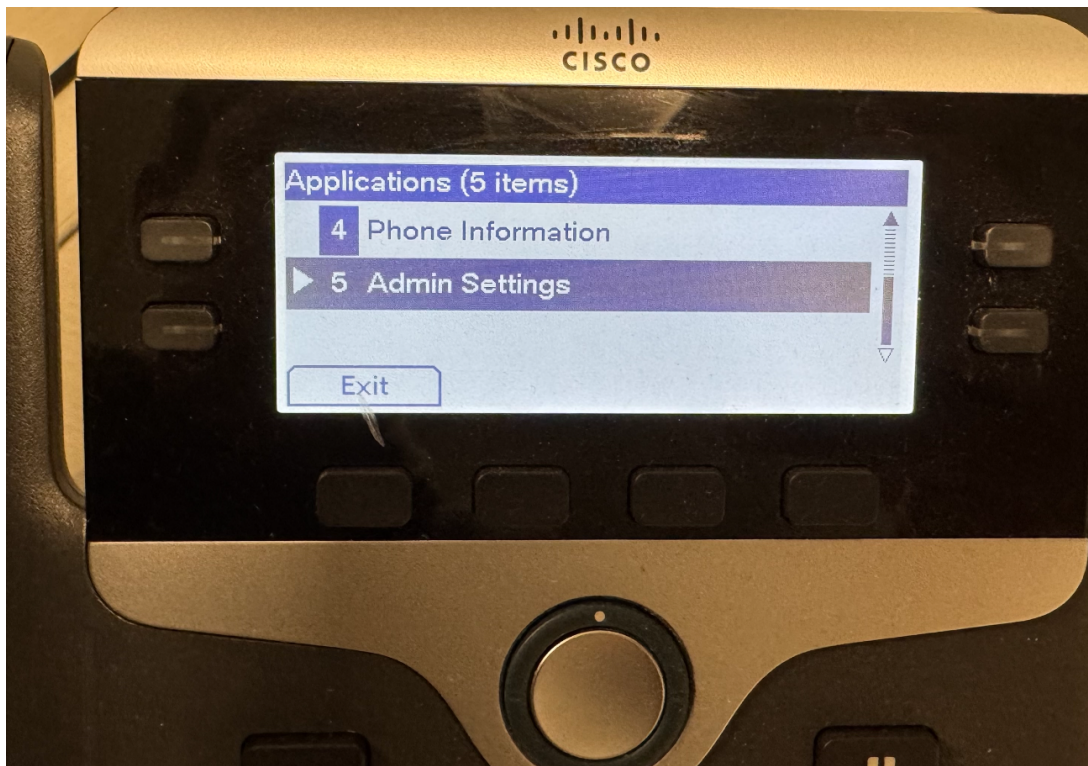

Don Rogers - 2025-07-15 - Comments (0) - Telephones

Steps to Manually Reset Your Cisco Desk or Wall Phone

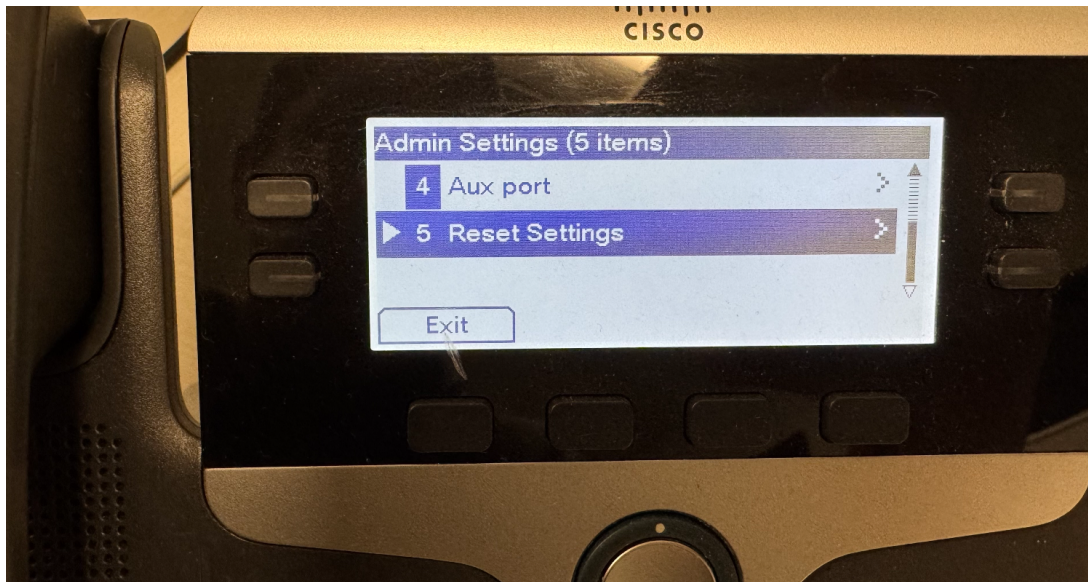

1. Press the the button with the **gear icon** on it.

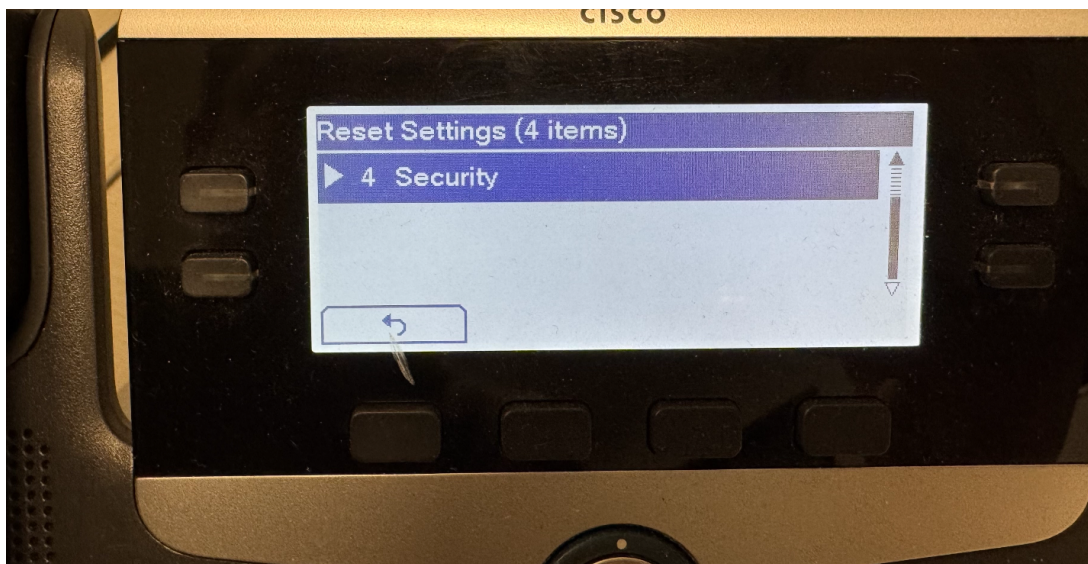

2. **Press 5**, or scroll down and select **Admin Settings**.

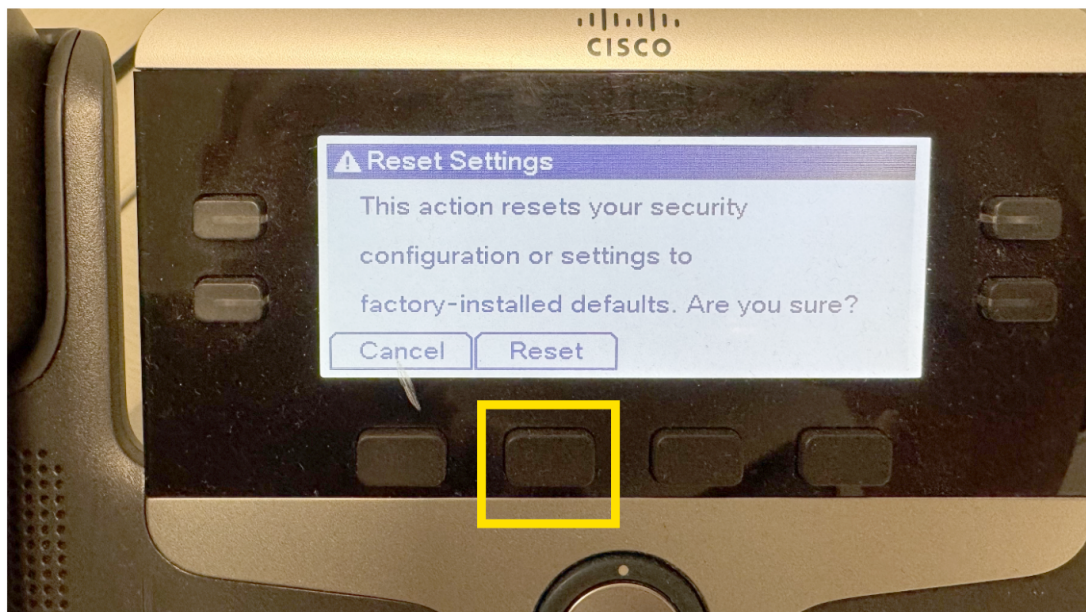

3. **Press 5**, or scroll down and select **Reset Settings**.

4. **Press 4**, or scroll down and select **Security**.

5. Press the **physical button** directly under the word "**Reset**".

If the above instructions do not fix the issue please try unplugging your phone and plugging it back in.
