Instructors can identify which students are attending their course remotely by accessing their student roster via their **Gradebook** in their Canvas site.

To access your Gradebook:

1. Log in to Canvas at canvas.brown.edu.
2. Select a course in the Global Navigation menu on the left.
3. Select Grades in the Course Navigation menu.
4. Once in the Grade menu, your student roster will appear which includes a column titled Remote Student. Remote students will have Y in the column and N if they are not.
