## SAS Installation Instructions

Tuesday Mueller-Harder - 2024-11-13 - Comments (0) - Installation Instructions

**Attention:** The file download, file verification and installation of SAS will be lengthy. It could take up to 1 hour or more for the entire process to complete. Please be patient.

If you are migrating from a previous version, it is recommended you review all vendor documentation and follow the steps for your current version.

## \*Important: Please follow these steps exactly as written, otherwise the software will not install correctly.

- 1. Download the SAS installer using the link provided.
- 2. Right-click the downloaded file and select **Run as Administrator**.
- 3. Follow the on-screen prompts. The download and verification of the installer will take a long time due to its large size.
- 4. Once the SAS installer begins select Install SAS Software (Shown below)

SAS Deployment Wizard	– 🗆 ×
Select Deployment Task	
Select the deployment task you would like to perform.	
End User Tasks
