The service center provides Integrative Presenters. A great tool for PowerPoint presentations, combining the functions of a laser pointer with page up and page down navigation. To find out about loaning one, click this link to view our loaner policy.

*Includes user’s manual and carry case.
Integrative Presenter

Content:
- Storage bag
- Transmitter
- USB Receiver
- AAA Battery

Instructions:
- Take the USB receiver out of the transmitter and connect it to the computer
- For optimal performance, please place the receiver at least 15 cm from all electrical devices.
