OIT Loaner Equipment

asia chung - 2023-11-03 - Comments (0) - Loaner Equipment

The Brown Office of Information Technology Loaner Program offers a variety of equipment available to students, faculty and staff. There is no cost associated with loaning out any equipment, except in the case that the equipment is damaged, returned late, or lost.

Upon renting out any equipment, the user agrees to the terms and conditions found here.

A $5 charge will be applied to your bursar's account for every day that your return is late.

Damage fees will also be applied to your bursar's account and will vary depending on the severity of the damage and the device(s).

Lost fees will also be applied to your bursar's account and will account for the full purchase cost of the item(s).

You can make a reservation for any of our equipment online and schedule a pick-up, or simply stop by our office at 69 Brown St, Page-Robinson Hall, Room 510, and request a loan through one of our Help Desk Technicians.

To make a reservation, please log in with your Brown credentials here.
