## Learn More about G Suite for Education at Brown

Stephanie Obodda - 2023-10-13 - Comments (0) - Google Workspace

Brown uses G Suite for Education for email, calendaring, document sharing, and more. Though most of the features are the same as you'll get from a "regular" gmail.com account, we have a larger quota for email and Google Drive, and a contractual agreement with Google with a high level of privacy and security. Graduating students retain their student mail, drive, and calendar content at an alumni.brown.edu address.
