Experincing issues with Brown Library E-Resource Database? Please see below.

In an effort to provide the best possible service for your EBSCO subscriptions and services, we are making adjustments to our supported browsers. Beginning in July 2017, we will no longer support Internet Explorer 8.0 or 9.0 due to security risks. To avoid any service interruptions, please make all recommended browser updates before July 2017. We recognize that many of our customers need advanced notice, and we will work with you to ensure that this transition is seamless for you and your users. Read our complete Browser Support Policy on the EBSCO Support Site and please contact EBSCO Support with any questions or concerns.
