To edit your BrownSite and its content, you must be logged in.

1. Go to your BrownSite's main page.
2. At the end of the URL in your address bar, type "/user" (without quotation marks) and hit enter. As an example, if your BrownSite is located at <http://brown.edu/brownsite>, you would go to <http://brown.edu/brownsite/user>.
3. You will be prompted for your Brown credentials (username and password) through the usual Brown authentication page. Enter them and submit. You'll be logged in and brought to a page with links to various tools.
4. To get back to this page at any time while signed in, go back to the "/user" address.
