Manage Uploaded Attachments
Stephanie Obodda - 2021-01-11 - 0 Comments - in Files and Attachments

You can manage your attached files using the content manager.

The first step is to access the content list. You need to be logged in to do this.

1. Click on "Content."

2. This will provide a list of all your pages, news items, images and any other content types you may have installed.

3. Select the "Media" tab of this pane at the top-right corner.

There are two different ways to view your media files: either in list format or in tile format. Select the format that is easier for you using these icons:
