

Matlab Designated Computer Installation

Stephanie Obodda - 2024-10-24 - Comments (0) - Installation Instructions

How to Create your Matlab account

- Go to: <https://www.mathworks.com/login>
- Click on "**Create Account**" below the "**Log In**" button.
- Enter your **FirstName_LastName@brown.edu** email address in the "Email Address" field.

- Enter a secure password based on the requirements below:

- ✓ 8-50 characters
- ✓ at least one uppercase letter
- ✓ at least one lowercase letter
- ✓ at least one number

- You will then receive an email with a "**verification code**"

Verify Email

Enter the code we sent to . If you didn't get the email, check your junk folder or [try again](#).

I accept the [Online Service Agreement](#)

Next

- Once you enter your verification code, you will be presented with a "**Create a MathWorks Account**" dialog box:

Create a MathWorks Account

We just need a little more info to set up your account.

First Name

Last Name

Location

Which best describes you?

Next

- Fill out the appropriate fields and then click "Next".
- Your account will be created after you click next.
- Once you are logged in, you have the option to "**Install MATLAB**" by a button in the

top right-corner of the screen.

- After you click on the "**Install MATLAB**" you can choose which Release and Operating System MathWorks offer.
- This download from your account will be associated with Brown University because you used your @brown.edu email address to create your account.
