

MATLAB Installation Instructions

Jeffrey Pierce - 2025-08-18 - Comments (0) - Installation Instructions

*Note: Starting on Thursday, August 21, 2025 you no longer need to use a separate username and password for accessing MathWorks/MATLAB services. Please use the directions below to access/active your account.

How to Activate/Create your MATLAB Brown Account

1. Go to <https://www.mathworks.com/login/>

A screenshot of a web browser showing the MathWorks Account Sign In page. The browser's address bar displays 'mathworks.com/login/'. The page has a blue header with the MathWorks logo and the text 'MathWorks Account'. Below the header, a grey banner reads 'Sign in to your MathWorks Account or create a new one.' The main content area features the MathWorks logo, the label 'Email', and a text input field containing 'Josiah_Carberry@brown.edu'. Below the input field, there is a link 'No account? Create one!' and a line of text 'By signing in, you agree to our privacy policy.' A blue 'Next' button is positioned at the bottom right of the form.

2. Enter your @brown.edu email address and press "Next" button
3. Provide your shortID and password for

Web Login Service
