MyPrint-Pickup Service: Student Public printing 2020-2021
Gena Burke - 2021-01-07 - 0 Comments - in MyPrint

Closed for Winter Break
Our MyPrint Pickup service will be closed for Winter Break from Monday, December 14, 2020 through Friday, January 22, 2021.

Watch this article for more information about the service in the Spring 2021 semester. You can subscribe to this article above to receive notifications when we update this information.

MyPrint-Pickup Service
For health and safety, self-service student printers are not currently available in Libraries, residence halls, or other campus locations (with one exception: Medical students at the Warren Alpert Medical School can still use public printers in the Med Ed library).

Students are still able to print on campus, however. Our service is currently limited to printing ahead of time from wherever you are, then visiting our MyPrint Pickup Desk to collect your prints. We'll hold your prints up to one business day after you printed them.

All undergraduate, graduate and medical students have received our usual $30 of printing funds at the start of this academic year, and you can add more funds with the GET portal. We also provide a list of our print costs in our related Help article.

- **Step 1. Connect and print any documents in advance from wherever you are**, on or near campus.
- **Step 2. Visit our MyPrint Pickup Desk to pick up all your documents at once** (hours and location below).

Connect and print your documents in advance

- To set up and use MyPrint-Pickup printing, connect your device to Brown WiFi if you're on campus, or connect to the Brown VPN if you're not.
- **The best way to set up printers on your own device is to connect to our improved Mobility Print service.** This works on both computers and mobile
devices such as phones and tablets. Choose your platform below for setup information from our print provider, Papercut.

- When prompted enter your short Brown username and password
- Add both of the **MyPrint-Pickup** print queues:
  - **MyPrint-Pickup_BW-180George** (to print in grayscale for lower cost) and
  - **MyPrint-Pickup_Color-180George** (to print in color)
- Connection instructions for:
  - macOS
  - Windows
  - iOS/iPadOS
  - Android
  - ChromeOS
- You must have your device connected to Brown WiFi or the Brown VPN every time you want to print
- Print any number of documents in advance

- **You can also upload most file types to print through our web print service, but this is more effort each time**, and is best for printing from a device you don't own or don't print from very often. This method works best on computers, but can work on some mobile devices too.
  - You must have your device connected to Brown WiFi or the Brown VPN every time you want to print.
  - Click 'Submit a Job'
  - For grayscale prints, choose: `ppcutprcit\MyPrint-PickUp_BW-180George` (virtual)
  - For color prints, choose: `ppcutprcit\MyPrint-PickUp_Color-180George` (virtual)
  - Choose how many copies you want
  - Upload your document and 'complete'

Visit our MyPrint Pickup Desk
During service hours, our staff will immediately print and hold your prints for you, and you can pick them up in a batch as your schedule allows. We will hold your prints up to one business day. After that, any unclaimed prints will be recycled.

- **CLOSED December 14-January 22**
- **Reopening** Monday, January 25, 2021
  - 8:30-5 Monday-Friday
- **Location**
  - **Spring Semester 2021: Location to be determined**
- **Wear your mask**
- **Bring your Brown ID card**
