Brown's new course feedback tool, EvaluationKit, is launching in Summer 2019 for-credit courses, and will be used by all Fall 2019 courses. For more information about this change, see the [Student Course Feedback](https://brown.evaluationkit.com) page on the Dean of the College's website.

The course feedback tool allows students to provide anonymous feedback about courses in which they are enrolled. The course feedback questions are standardized across all Brown courses; faculty, deans, department chairs, program directors, and department administrators are also able to [add custom questions](https://brown.evaluationkit.com).
