Overview of Course Feedback (EvaluationKIT)
Stephanie Obodda - 2020-10-13 - 0 Comments - in Course Feedback (EvaluationKIT)

EvaluationKIT, Brown's course feedback tool, allows students to provide anonymous feedback about courses in which they are enrolled. The course feedback questions are standardized across all Brown courses, which can be accessed at the Student Course Feedback page listed above; faculty, deans, department chairs, program directors, and department administrators are also able to add custom questions.

Getting Started

Instructors can access EvaluationKIT at https://brown.evaluationkit.com using a Brown username and password. On your Home dashboard, instructors will have quick access to Manage Courses during the customization period, Custom Questions listing custom question surveys, Response Rate Tracker to keep track of number of responses during feedback period, & Project Results from past terms.

For more assistance with Course Feedback (EvaluationKIT), refer to the articles listed below:

- Manage a Course in EvaluationKit
- Create a Custom Question Survey
- Attach Custom Question Survey to a Course

For technical assistance with EvaluationKIT, please email help@brown.edu

For non-technical questions or a consultation, please email course_feedback@brown.edu
