Print Credits and Purchased Blocks

At the start of the academic year, the University provides \$30 of print credits that are added to your **MyPrint Complimentary** account. The cost of print jobs are deducted from the **MyPrint Complimentary** account first. The complimentary \$30 supports the printing needs of most students throughout the year.

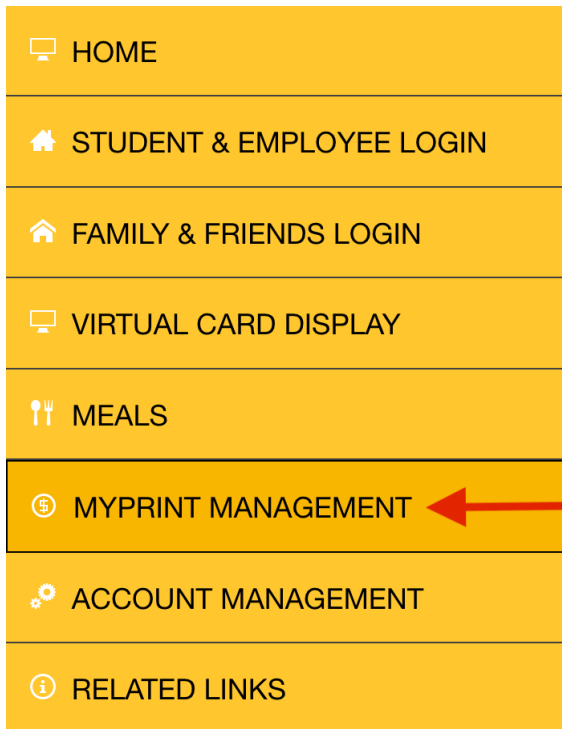

If additional print credits are needed, they can be purchased in \$5 increments. Purchased credits will be added to your **MyPrint Purchased Blocks** account (each purchase is applied to your Student Bill). The maximum balance allowed on the **MyPrint Purchased Blocks** account is \$30.

Please note: MyPrint Purchased Blocks are *non-refundable*.
