Recommended Windows Computers

Stephanie Obodda - 2017-06-22 - 0 Comments - in Windows and PC Computers

Students / Parents

We recommend making sure your computer meets the minimum requirements below in order to be able to run Brown services, but it's not necessary to buy the exact models listed below.

- The Bookstore Technology Center lists some models for students.
- The Bookstore Technology Center is authorized to provide Dell warranty repairs, so that's a compelling reason to buy a Dell. They can also repair other PC models, but for a fee.
- Don't forget to bring your Windows and software installation disks and warranty information / receipts!

Faculty / Staff

The following recommended configurations are for existing and newly purchased Windows computers. We make these recommendations because lesser machines may not work with Brown services and CIS cannot easily support systems that are no longer supported by hardware and software vendors. **CIS strongly recommends purchasing Windows computers manufactured by Dell.**

**Windows Desktops**

**Recommended Desktop Specifications**

- Dell Optiplex chassis
- Seventh generation Intel Core Processor
- 8GB RAM
- 1920x1200 (or greater) Dell "UltraSharp" monitor with DisplayPort or Mini DisplayPort inputs
- 120 GB SSD (or more, depending on user data needs and redirection configuration.)
- Intel-based Gigabit Ethernet
- Ethernet
Windows 10 Enterprise (not upgraded in-place from Windows 7 or 8)

**Minimum Desktop Specifications**
The **MINIMUM** Service Desk supported specifications for this semester are:

For Windows 10 Desktops

- Second generation Intel Core Processor
- 4GB RAM
- 80GB 7,200 RPM hard drive
- Windows 10 Enterprise (not upgraded in-place from Windows 7 or 8)

**Recommended Dell Desktop Models**
Dell has specific Smart Select models on their [Premier page](#). The Smart Selects from Dell provide standard configurations that are acceptable for most Brown faculty and staff, and ship in an expedited time frame. The current model is the Dell OptiPlex 5050. To get a Dell account, please contact the CIS IT Service Center.

**OptiPlex 5050**
The Optiplex 5050 is available in the following "form factors":

- Small Form Factor
- Mini Tower

Minimum Specifications:

- i5 Intel Processor
- 8GB Memory
- 256GB Hard Drive
- Windows 10 Enterprise

**Windows Laptops**

**Recommended Specifications**

- Modern Processor such as the Intel i5
- 8GB RAM
- 256GB Solid State Drive
- Ethernet
- WiFi wireless
- Windows 10 Enterprise

**Minimum Specifications**
The **MINIMUM** Help Desk supported specifications for this semester are:

For Windows 10 Laptops

- Modern Processor such as the Intel Dual Core
- 4GB RAM
- 256GB hard drive
- Ethernet
- WiFi wireless
- Windows 10 Pro/Enterprise

**Recommended Dell Laptop Models**

**Latitude 7450**

Minimum Specifications:

- i5 Intel Processor
- 8GB Memory
- 256GB Solid State Drive
- Windows 10 Enterprise
- Ethernet/WiFi

**Latitude 7480**

Minimum Specifications:

- i5 Intel Processor
- 8GB Memory
- 256GB Solid State Drive
- Windows 10 Enterprise
- Ethernet/WiFi
