

## Request Access to Cognos Analytics

Wendi Lewis - 2024-07-26 - Comments (0) - Cognos Analytics

Cognos Analytics is a reporting and analytics tool that provides reports on University data. Reports are available for many applications such as Banner, Coeus, Course Evaluations, 25Live and more.

Reports are organized in folders, and OIT grants users access to specific folder(s). [Jump to folder descriptions.](#)

### Eligibility Requirements

Folders have an eligibility requirement(s) to obtain access. For example, you may need to be an employee in a specific department or have access to another application.

Your supervisor will be notified when you request access to a Cognos Analytics folder(s). It's a good idea to discuss your Cognos Analytics access needs with your supervisor before you submit a request.

### Request a Cognos Analytics Folder(s)

1. [Create a ticket](#) (for you or someone else).
2. From the **Select a request type** drop-down list, select **ACCESS Request**.
3. From the sub-category drop-down list that appears, select **COGNOS ANALYTICS Access Request**.

Select a request type \*

ACCESS Request [choose sub-category]

COGNOS ANALYTICS Access Request

4. Complete the required fields on the form.
5. Use the table below to help you select up to 4 Cognos Analytics folders.

**NOTE:** To request more than 4 folders, list additional folders in the **additional details** field at the bottom of the form.

### Folder Descriptions

Folders in **bold font** below may be appropriate for administrative users in academic departments—discuss with your supervisor which folders are right for you.

What happens next with my access request?

1. Your supervisor will be informed by email of your request (but does not need to approve it).
2. Computing Accounts & Passwords (CAP) assigns [approvers](#) for the folder(s) you requested. [Approvers](#) verify you are authorized to view the data you requested and sign off on your request.
3. CAP assigns it to the OIT database administration group, which handles Cognos Analytics security, for final setup.
4. Once your request is complete, you will receive confirmation emails from CAP and a member of our team.
5. Now you can [sign up for Cognos Analytics training!](#)
