Canvas offers many different options for designing your home page, which is the first page students will see when they enter your course.

How to set a Canvas Homepage:

1. Log in to Canvas at canvas.brown.edu
2. Click **Courses** in the Global Navigation menu, then select your course.
3. By default, courses are set to have Canvas' **Syllabus** page as the start page.
4. To change that setting, click **Choose Home Page** on the right.

5. Select one of the options available in the **Choose Home Page** menu.

Choose Home Page

Select what you'd like to display on the home page.

- ☐ Course Activity Stream
- ☒ Pages Front Page *Welcome to class!* [\[Change\]](#)
- ☐ Course Modules
- ☐ Assignments List
- ☐ Syllabus

Set the Course's home page to:

- **Syllabus** to show the syllabus page with the description of the course and a calendar view of assignments, due dates and course events.
 - **Assignments List** to show assignments for the course, with upcoming and recent assignments featured at the top.
 - **Course Modules** to show the modules or sections into which the course is divided.
 - **Course Activity Stream** to show a list of recent changes, updates, and announcements made in the course.
6. **Pages Front Page** to show a page you previously created. You can use text, content, media, and links to [create an interactive and instructive page](#)

Note: Canvas will ask you to set a Front Page before you can choose the Pages Front Page option.
