When creating an Assignment, Discussion, or Quiz, you can assign due dates that vary by class section.

**Assign due dates**

1. In the **Assign** menu near the bottom of the assignment creation page, select one or more class sections in the **Assign to** box, then enter the corresponding due date in the **Due** box.

   Note: When creating a Discussion, select Graded in the Discussion options to enable varied due dates.

2. To add more due dates, click **+ Add**, then repeat step 1.

3. To set varied dates of availability, enter availability dates for the assignment, quiz, or discussion in the **Available from** boxes for each group that you are assigning the
Assignments with varied due dates are marked as having Multiple Due Dates across the entire course site.
