Project	Description	Administrator(s)
Advancement	Dashboards and content that supports the work of Brown Advancement.	Mamdouh Elanani Walter Farber Anthony Souffrant
AMS Wellness Survey	Dashboards to show the results of the Alpert Medical School (AMS) Wellness Survey	Roland Hall Rebecca Martish John Umbel
Biomed Academic Academic Impact Reports	The BioMed Academic Impact Report is an aggregation of objective metrics of individual faculty research, scholarship and teaching activity. Reports have been produced for faculty in the six Division departments with tenured/tenure track appointments to the Division.	Roland Hall Rebecca Martish John Umbel
Biomed Benchmarking	Dashboards to compare tenure/tenured track faculty compensation against internal and external benchmarks. External compensation benchmarks used include AAU and AAMC.	Roland Hall Rebecca Martish John Umbel
Biomed and Hospital Affiliates	Dashboards to compare Biomed and Hospital Affiliate (includes Sponsored Research Expenses and NIH Award data)	Roland Hall Rebecca Martish John Umbel
Biomed Facilities	Dashboards for the Office of Facilities Planning & Operations. Includes Space, IDD, and additional metrics for the Division.	Roland Hall Rebecca Martish John Umbel

Biomed Faculty Administration	Dashboards for Office of Biomed Faculty Administration, Office of Women in Medicine and Science, and Office of Diversity and Multicultural Affairs. Biology, Medical and Clinical faculty counts and demographics, relevant industry data, compensation.	Roland Hall Rebecca Martish Jordan Mishkin John Umbel
Biomed Faculty Analysis	Dashboards focused on campus-based Biomed faculty (demographics, sponsored research, teaching, scholarly activity, compensation).	Roland Hall Rebecca Martish John Umbel
Biomed Finance and Planning	Dashboards for Office of Biomed Finance and Planning. Financial data visualizations: budget, actuals, compensation, commitments.	Roland Hall Rebecca Martish John Umbel
Biomed Graduate Programs	Dashboards for the Office of Graduate and Postdoctoral Studies.	Roland Hall Rebecca Martish John Umbel
Biomed Human Resources	Dashboards for the office of Biomed Human Resources. Includes staff and faculty counts, FTEs by BioMed Department, and additional metrics by department.	Roland Hall Rebecca Martish John Umbel
Biomed Lecturers	Dashboards focused on Biomed Lecturer metrics (teaching, advising, sponsored research).	Roland Hall Rebecca Martish John Umbel
Biomed Research Administration	Dashboards for Office of Biomed Research Administration. Sponsored research visualizations: proposals, awards, expenditures. Analysis by department, sector, sponsor, etc. Grant forecasting output.	Roland Hall Rebecca Martish John Umbel
Biomed Sponsored Projects Activity	Dashboards for Biomed Department Managers and Chairs. Sponsored research visualizations by department: proposals, awards, expenditures.	Roland Hall Rebecca Martish John Umbel
Biomed Teaching Data	Dashboards to display Biomed teaching activity using data from FIS (Workday Academics), Banner, and Medical School database.	Roland Hall Rebecca Martish John Umbel
Brown Transportation and Card Services	Dashboards for the Brown Transportation and Card Services department.	Mike Leitao Carleia Lighty

Brown University Sports Camps	This project contains visualizations for Brown University Summer Sports Camps. The Department of Athletics, in conjunction with the Division of Pre-College and Undergraduate Programs, offers summer sports camps for young athletes. These visualizations help keep varsity coaches, their staff, current Brown athletes, and Pre-College staff informed with the current enrollment and status of the young athletes in the various sports.	Danny Cordeiro Monica Mandeville Sam Sumeracki
Brown-RISD Institutional Research	Visualizations pertaining to joint efforts in institutional research between Brown and RISD.	Karen Baptist Mary Heather Smith
Committee on Academic Standing	Content developed by the Business Intelligence Team for the Committee on Academic Standing.	Maitrayee Bhattacharyya
Data Cookbook	Dashboards for tracking the creation and approval of definitions in the Data Cookbook. Usage statistics are also provided.	Mary Heather Smith
Digital Education Analytics	Content related to the use of academic technology.	Catherine Zabriskie
Division of Campus Life	Dashboards and reports for units in the Division of Campus Life.	Colin Donihue
DPS Deskpro Requests	Deskpro dashboards for the DPS. This is a sub folder within the IT Service Center project.	Derek Asatrian Daniel Lopez
Endpoint Engineering	Data visualizations for the OIT Endpoint Engineering team.	Chris Grossi
Facilities Management Administration	Work order management trends, including preventive and reactive maintenance.	Colin Johnson
Faculty Activity	Published faculty activity dashboards.	Karen Baptist Mary Heather Smith John Umbel
Faculty Affairs	Visualizations created by the Office of the Dean of the Faculty to share faculty data.	Maegan Hawley Usamah Suhrawardy
Graduate School Administration	Visualizations for Graduate School staff.	Ethan Bernstein Mary Heather Smith

Graduate Student Information	Information on Graduate Students from various sources.	Ethan Bernstein Mary Heather Smith
Greensheets	Student support services metrics.	Wendi Lewis
IT Service Center	Deskpro request dashboards	Don Rogers
Library Brown Card Transactions	Visualizations of C-CURE card transactions for Library card readers.	Wendi Lewis
Office of Institutional Equity & Diversity	For content shared within the Office of Institutional Equity & Diversity.	Sarah Stetson
Office of Institutional Research - Provost Dashboards	Dashboards created by the Office of Institutional Research for the Provost.	Karen Baptist Mary Heather Smith
Office of Institutional Research Shared	Content created by the Office of Institutional Research shared with specific users.	Karen Baptist Mary Heather Smith
Office of Sustainability	Content created by the Office of Sustainability for specific users. Authorized users are defined at the workbook level, and vary by workbook.	Derek Wietsma
OIT Database Services	Dashboards and content that supports the work of OIT Database Services.	Christopher Gordon Carol A Cutler
Pre-College and Summer Undergraduate Programs	Dashboards and reports for the Division of Pre-College and Undergraduate Programs.	Monica Mandeville Sam Sumeracki
Public Safety Technology Team	Dashboards and reports for the Public Safety Technology Team.	Daniel Lopez Derek Asatrian
School of Professional Studies	Dashboards and reports for the School of Professional Studies Executive Master's Programs.	Nathan Rush
School of Public Health Benchmarking	Dashboards to compare tenure/tenured track faculty compensation against internal and external benchmarks.	Roland Hall Rebecca Martish John Umbel

Sponsored Projects Activity	Sponsored Project information relating to proposal, awards and expenditures.	Kerri Evans Martha Hagopian Angela McDonnell Andrea Mucci
State & Territory Alliance for Testing (STAT)	Dashboards to track attendance trends for K-12 and COVID Response and Recovery action networks.	Ashley Hill
Student Accessibility Services	Data visualizations for Student Accessibility Services staff.	Desirae Mix
Study Abroad / Global Programs	Visualizations for Study Abroad enrollment in particular countries and in specific sites around the world.	Adeline Wong
Task Force on Doctoral Education 2021-2022	Dashboards for the Task Force on Doctoral Education.	Mary Heather Smith
Telecom and Network Technology	Dashboards to monitor telecom and network systems.	Doug Wilkinson Elvis Seth
The College	Dashboards and content that supports the work of The College of Brown.	Avi Brach-Neufeld
TLA: Institutional Data Reports	This project will create visualizations for 47 different TLA consortium members. The Brown University data will be utilized for planning, programming, as well and grant (recruitment) reporting for Brown researchers.	Gina Astorini
Undergraduate Admission	Visualizations for The Office of College Admission.	Allison McMaster
