Top Hat Teaching Assistant Access

maggie vecchione - 2023-07-06 - Comments (0) - Top Hat

Based on how **Top Hat** handles user roles, Brown has set up three separate methods for adding TAs based upon course needs.

1. Graduate TAs should join **Top Hat** as a professor. Course instructors can add Grad TAs to existing courses once their accounts have been created.
2. Undergraduate TAs who do not need access to grades can use **Top Hat's** new TA role.
3. If you are an instructor with Undergraduate TAs who need access to grades, please fill out the form found in **Top Hat's** [Teaching Assistant's at Brown article](#). This article also provides the process they will need to follow to log in.

Note: Please [email Digital Learning & Design](#) with any questions.
