

Turn Off Speech Recognition in Rosetta Stone

Rick - 2026-03-13 - Comments (0) - Rosetta Stone

If you wish to continue without speech recognition, you can turn it off through the **Microphone Setup** screen.

You'll see the microphone selection screen, if:

- your previously-selected microphone isn't detected
- you're using a new microphone.

Microphone Setup

Online Subscription:

1. You will need to first start a lesson. Once you are in a lesson you will see the options shown below:

2. Click on the gear icon shown above. Then continue with the steps [here](#):

For the CD or Download program installed on your computer:

1. Click continue next to your learner name to get to the Homescreen..
2. Click the **Gear** icon (shown below) in the Rosetta Course toolbar on the upper right of the screen

1. Select Change Settings (shown above) from the drop-down menu.

2. Follow the steps below:

Change Speech Settings:

1. A new window will pop up, click the **Audio Settings** tab.
2. Un-check the box next to **Use speech recognition** .
