Use the Computing Labs

Stephanie Obodda - 2022-02-11 - Comments (0) - Computing Labs

Computing labs in the Sciences and Rockefeller Libraries are not currently available, due to health concerns. The MyPrint printer locations are still in operation -- see [MyPrint Printer Locations](#) and [Get Started with MyPrint](#) for more info.

OIT provides access to a variety of software via the [software download site](#), and the [RemoteApp service](#), so that you can get your computing work done remotely as needed.

In extenuating circumstances, you may also be able to request a long-term loaner laptop from the OIT Service Center, subject to availability.

You can click the "Subscribe" button above to receive updates.
