1. Go to the app store and download the Panopto App

![Panopto App](https://example.com)

2. Launch the app. Initial set-up will require you to set the server to brown.hosted.panopto.com

![Set your Panopto site](https://example.com)

3. Tap Sign in

Select which sign-in method you prefer, Select Canvas for Canvas courses and Brown Login for non-Canvas courses.
You will be brought to the Brown Single Sign On screen:

![Authentication Required](image)

**Authentication Required**

Enter your Brown credentials

- Username: * [jcaberr]
- Password: * 

[Continue] [Forgot your password?]

4. Once logged in, you should see all the content you have access to view.

![All Sessions](image)
Select any video by tapping with your finger to play it on your phone. You can also search for a specific video by using the search button.

5. You can explore other features of the app by tapping the three gray lines in the top right.

You will see the options to: Sign out, Refresh the content list, display info About Panopto App, and Monitor Remote Recorders (If you have access)

6. To upload new content tap the Upload button. NOTE: the videos will already have to be recorded on your phone.

Pick a folder to upload to, then Choose a video or audio file to upload from your mobile device’s media folder(s).
This will bring you a screen showing the upload progress

1  My video upload
   205.0 MB of 2.3 GB  1:01

Once the video has uploaded it will begin processing online and become available shortly.
